TERMS OF SALE ON OTHER SIDE

TERMS OF SALE

Imported bulbs are sold subject to safe arrival from overseas, domestic bulbs subject to crop. Prices are subject to change without notice. Duty and freight will be collected on the shipment to be deducted without discount from our invoices when due. Packing charged at cost.

Upon arrival from abroad imported bulbs are trucked overnight to Salisbury, Md., where they are aired, cooled, checked, regraded if necessary and from where both imported and domestic bulbs are shipped.

Bills are strictly due net 60 days after date of invoice, 2% discount for cash in 10 days. When a shipment has been received and no criticism has been made to us in writing within 6 days, the invoice becomes payable in full on the due date. Buyer agrees to pay all legal expenses due to delayed payment of invoices. Buyer agrees to pay 6% interest per annum on over-due accounts.

If at the time of shipment the financial standing of the buyer does not appear satisfactory to the seller, the seller reserves the right to cancel any part or all of an order, without stating his reasons for doing so, nor shall the buyer have any redress whatsoever for any damages which he may sustain through this action on the part of the seller.

Seller is not liable for any damages due to insects or plant diseases.

Complete or partial failure of the crop owing to frost, loss by fire, or through other causes beyond seller's control, entitles the seller to wholly or partly cancel agreements at his own discretion without further recourse on the part of the buyer, provided the seller informs the buyer in writing of such action as soon as the former becomes convinced that conditions have arisen which make it incumbent upon him to take such action.

Seller gives no warranty, express or implied, and will not be in any way responsible for the results of planting or forcing of any bulbs and roots he sends out; he guarantees all varieties to be true to name and description.

Verbal agreements cannot be considered, unless confirmed by letter.

All offers are made subject to being unsold.

The action of State plant inspectors, and agents of the U. S. and Canadian Governments, be it examination, rejection, hot water or gas treatments, destruction or abandonment, is at all times for the account and risk of the buyer.

By placing orders, buyers are considered to agree with these terms.

HYACINTHS

We expect from overseas a stock of about 18,000 Hyacinths ranging from 12-17 cM. in popular varieties. List of names and definite sizes and prices could not be furnished at the time this offer went to press. We expect prices will run about the same as in 1941, somewhat as follows:
